

## Michael J. Campolongo

Associate

New Jersey

T: +1 973.597.2420 | F: +1 973.597.6187

[mcampolongo@lowenstein.com](mailto:mcampolongo@lowenstein.com)

Clients look to Michael for assistance with all phases of patent application preparation and patent prosecution in both U.S. and global markets. He provides extensive technical experience when assisting with the development of noninfringement and invalidity opinions, freedom-to-operate analysis, and due diligence.

With his broad scientific background, Michael works with both large corporate clients and startup companies across a wide range of industries encompassing chemical manufacturing, pharmaceuticals, medical devices, biomaterials, software, semiconductors, and optical devices.
